### 5 Tips for Planting Azaleas in any Climate

04/09/2013 — When planting azaleas, there will always be little control over the wind, rain and air temperature. Still, there are important decisions to make when selecting your site. Azaleas can be found on mountains, beside streams and in woodland settings around the country. There are thousands of varieties of azaleas and they grow in a wide range of locations and climates. These tips will help you find the right spot for planting azaleas in any climate.

### Planting Spring Bulbs in Containers

04/10/2013 — Nothing brightens the corner of a patio, deck, or porch like a container filled with an abundance of colorful flowers. Yet containers often stand empty in spring, until it is time to plant annuals.

### Ochroids in the Home

04/10/2013 — The orchid division has a reputation of being difficult to grow, but with the right care, you can enjoy the beauty of a greenhouse. Today, houseplants are a major part of home decor. If you have ever successfully grown a houseplant, or enjoyed a flowering potted plant, you can grow orchids.

### Landscaping with Spring Bulbs

04/10/2013 — The small division has a reputation of being difficult to grow, but with the right care, you can enjoy the beauty of a greenhouse. Today, houseplants are a major part of home decor. If you have ever successfully grown a houseplant, or enjoyed a flowering potted plant, you can grow orchids.
